

Mobile Powder Filling Units

No. 141 100 · PFF-III/SWN-50

Model PFF-III/SWN-50 for emptying, filling and sieving procedures of fire extinguishers of all makes and sizes as well as movable 50 kg powder extinguishers.

- » Especially appropriate in continuous operation
- » Emptying and filling absolutely dust-free
- » Lockable ball valves
- » Filter package maintenance-free
- » Interstorage of extinguishing powder up to 30 kg
- » Cleaning of filter package and hopper achieved by reversing circuit
- » An advantage is the diagonally positioned, removable sieve, which retains lumps and contamination
- » Window for powder control
