

CO₂-Filling Units

No. 232 000 · KUS1-WA

KUS1-WA

CO₂ transfer system with integrated filling station is an efficient, small compact and electrically driven system. The system with integrated filling tank is used to fill CO₂ micro-cartridges from 20 g to 6 kg CO₂ bottles.

TECHNICAL DATA

Dimensions (l x w x h)	approx. 1100 x 500 x 600 mm
Construction	aluminium
Motor	380 V, 12 A, 50 Hz
Filling capacity	approx. 3 kg/min
Weight	approx. 70 kg
