

Hose Trolley

No. 900 200 · TRAGKRAFTSPRITZE L2E-A

The EMDE PORTABLE FIRE PUMP TROLLEY, model L2E-A is used for the storage and transportation of a portable fire pump, which is locked onto a rigid mounting. The trolley frame is zinc plated and has two steering/braking wheels and two fixed wheels.

The wheels have Aluminium rims and solid rubber tyres to ensure the trolley has minimal rolling resistance and is easy to manoeuvre despite its weight even on rough ground. The single wheel load is 400 kg. The lower compartment of the trolley can be used to store 4 Type A suction hoses; in the upper section the trolley has space for the storage of petrol canisters, ropes, Type B hose, fire hydrant keys, 2 connector keys, as well as one Y-piece and one strainer

Licences and guidelines:

- » Complies with GGVSE (German regulations for the transportation of dangerous goods by road and rail)
- » Complies with "Guidelines for the design and use of non-powered trolleys by fire services" (Expert recommendation No. 2/2014 from the DFV (German Fire Service Association))

Options available at extra charge:

- » Kill switch (pull) (No. 950 999)
- » Kill switch (push) (No. 950 998)
- » TS8 mounting, rotating (No. 902 110)
- » Additional mountings for other loads
