

Hose Trolley

No. 901 000 · SCHLAUCHWAGEN SF-500

The EMDE HOSE TROLLEY, model SF-500 is used for the storage and transportation of 500 metres of Type B fire hose in 5 separate bays.

The trolley is fitted with two steering/braking wheels and two fixed wheels and 5 hose storage compartments. The wheels have Aluminium rims and solid rubber tyres to ensure the trolley has minimal rolling resistance and is easy to manoeuvre despite its weight even on rough ground. The single wheel load is 400 kg.

Licences and guidelines:

- » Complies with GGVSE (German regulations for the transportation of dangerous goods by road and rail)
- » Complies with "Guidelines for the design and use of non-powered trolleys by fire services" (Expert recommendation No. 2/2014 from the DFV (German Fire Service Association))

Options available at extra charge:

- » Kill switch (pull) (No. 950 999)
- » Kill switch (push) (No. 950 998)
- » Hose guide plate (No. 901 005)
- » Lifting eyes (No. 950 991)
- » Forklift holder (No. 950 990)
