

Trolleys

No. 909 000 · BLOWER TROLLEY

The EMDE BLOWER TROLLEY is used for the storage and transportation of a mobile blower and all its associated accessories (ducting, canisters and funnels). It is fitted with 2 steering/braking wheels and two fixed wheels.

Loading example:

The wheels have Aluminium rims and solid rubber tyres to ensure the trolley has minimal rolling resistance and is easy to manoeuvre despite its weight even on rough ground. The single wheel load is 400 kg.

Licences and guidelines:

- » Complies with GGVSE (German regulations for the transportation of dangerous goods by road and rail)
- » Complies with "Guidelines for the design and use of non-powered trolleys by fire services" (Expert recommendation No. 2/2014 from the DFV (German Fire Service Association))

Options available at extra charge:

- » Kill switch (pull) (No. 950 999)
- » Kill switch (push) (No. 950 998)
